Introducing the NEW Micro-Slide Mailer

NEW Micro-Slide Mailer

Our new Micro-Slide Mailer serves the needs of hospitals and laboratories. It is by far the best transportation container available in the market. It is strong, stackable, and securable. It holds up to 10 slides that you can see at a glance for ease of counting. It eliminates the guess-work of locating each slide and there is a space left for appropriate paperwork on top of foam and within the enclosed mailer.

Call us for more details!

- **The box is made from FSC certified paperboard.**
- **Recycled pharmaceutical gelatins are utilized or the adhesives.**
- **Our Mailers are fully compliant with all "green" initiatives.**
- **The foam is reusable and therefore never hits the recycle stream.**

Also Available in our "Medical Line of Packaging"

Color-coded 20-Slide Pop-up Folders

Holds up to twenty 3" x 1" glass slides. Slides pop up for fast retrieval by simply placing finger at slide end. Space-saving book-style closure folds flat under folder when in use.

Individual slide compartments are numbered to correspond with printed index on cover. May be personalized with your own logo.
Made in USA of heavy-gauge cardboard.

Order Now! Order Now! Order Now! Order Now!

Order either our 204 Micro-Slide Mailer or our Medical Slide Folders by July 31, 2009 and receive 10 % off your purchase on orders of $100-$200, and 20% off on orders of $200 or more.
